### PERSONAL PROFILE

Motivated and eager Junior Frontend Developer with solid knowledge of modern web technologies such as JavaScript, React, and CSS. I have hands-on experience in developing and optimizing web applications, as well as a strong technical understanding. I am driven to find innovative solutions and continuously develop my professional skills.

### PROFESSIONAL EXPERIENCE

#### Junior Frontend Developer / Technical Marketplace Associate

Frontify, St. Gallen, Schweiz

Juli 2024 – present

- Development and maintenance of content blocks and app integrations on the Frontify platform
- Implementation of modern web applications with React, TypeScript, TailwindCSS, and Bootstrap
- Experience with automation platforms such as Tray.ai and n8n (e.g., Adobe Stock)
- Close collaboration with interdisciplinary teams to optimize user experience
- Support in technical consulting and integration of external resources

#### Junior Frontend Developer (Praktikum)

Frontify, St. Gallen, Schweiz

October 2023 – Juni 2024

- Development of individual content blocks, apps, and features to improve platform functionality
- Deepening knowledge in React, TypeScript, and UI/UX design

### EDUCATION

#### Bachelor in Business Administration

Anadolu University, Eskişehir, Turkey

Juni 2006 – Juni 2010

- Degree formally equivalent to a Swiss university bachelor's degree (according to Swiss ENIC evaluation, 2021)

#### Further Education & Certificates (Selection)

- UI Programming – React (HiCoders, 2022–2023)
- CSS Advanced & CSS Fundamentals (HiCoders, 2022)
- Programming in JavaScript – Module 1 & 2 (HiCoders, 2022)
- Introduction to HTML5 & CSS3 (University of Michigan/Coursera, 2022)
- Preparatory IT Course (HiCoders, 2022)

- Tray Build Practitioner (tray.ai, 2024)
